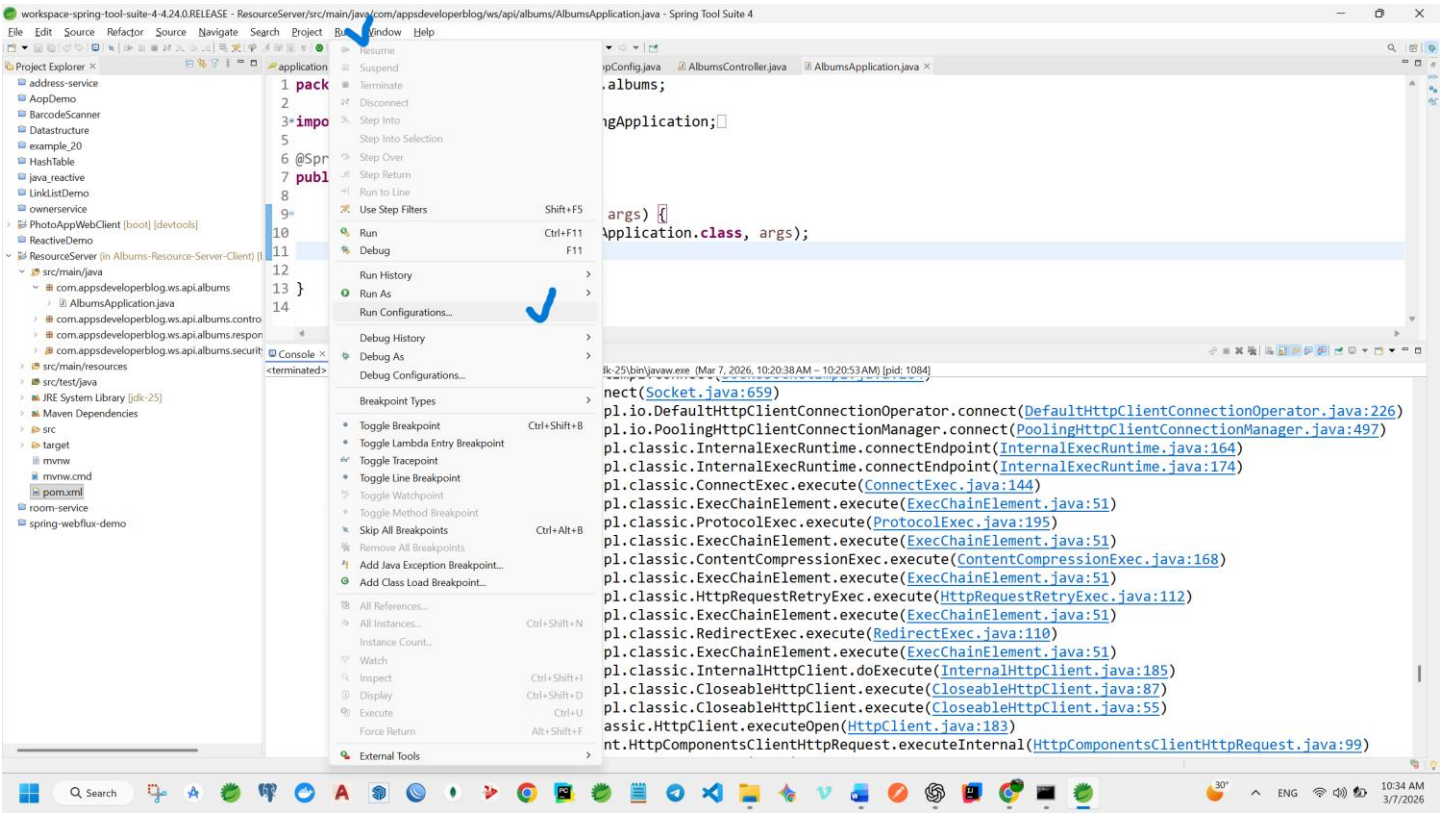
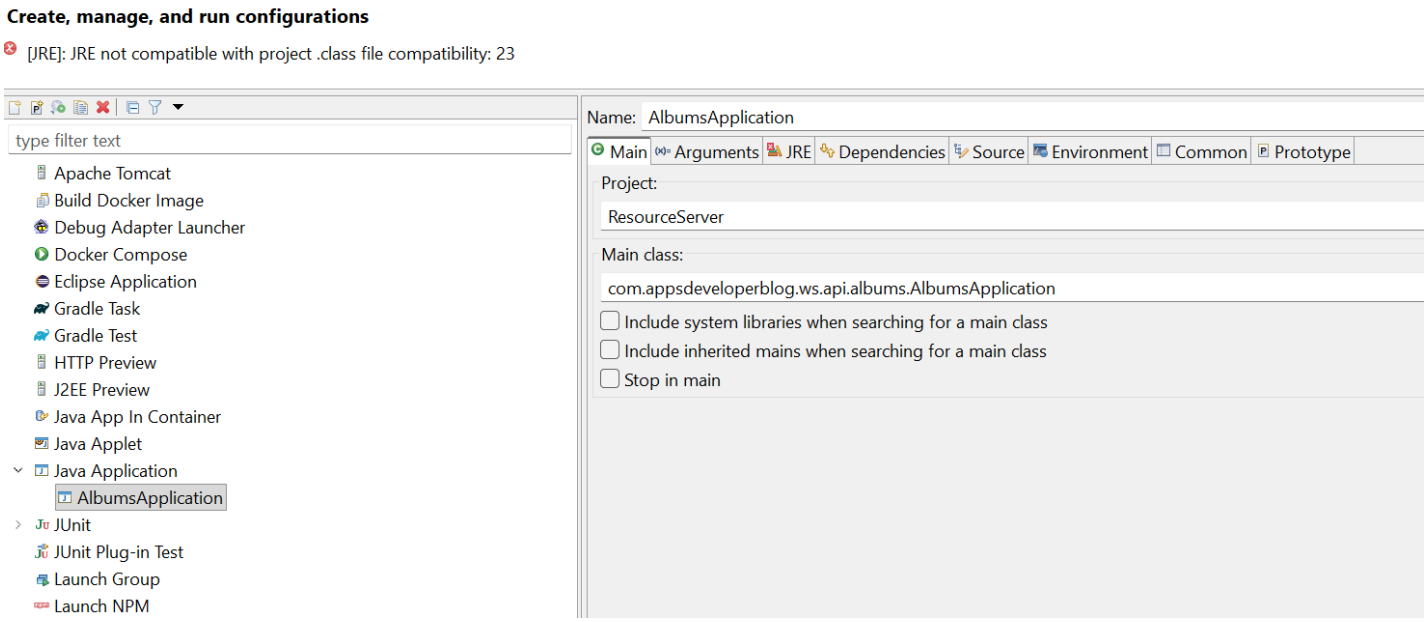
Fix Run Can not find Spring boot

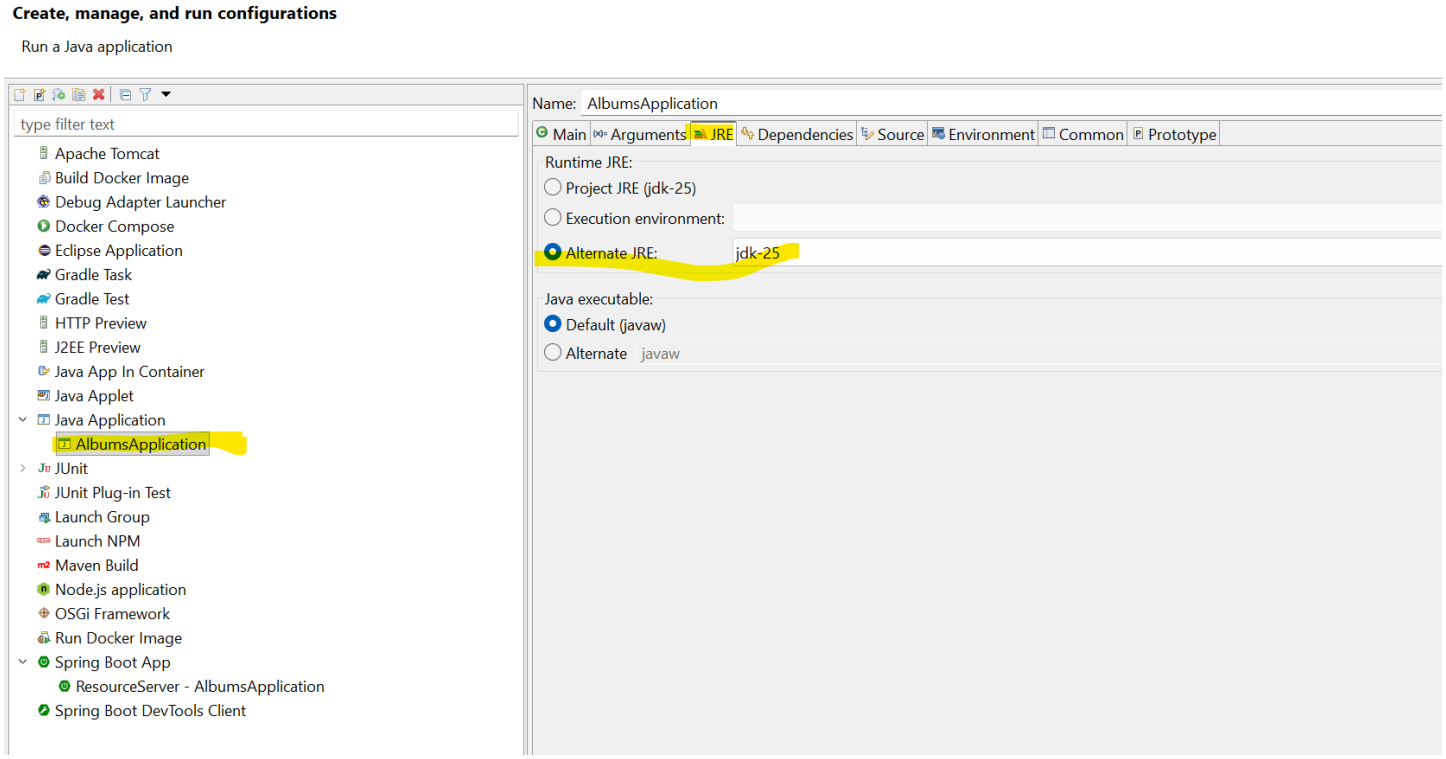
```
Console × Problems Debug Shell Terminal
<terminated> AlbumsApplication [Java Application] D:\Spring-Boot-Tool\sts-4.24.0.RELEASE\plugins\org.eclipse.justj.openjdk.hotspot.jre.full.win32.x86_64_21.0.3.v20240426-1530\jre\bin\javaw.exe (Mar 7, 2026, 10:06:19 AM – 10:06:20 AM) [pid: 13856]
Error: Could not find or load main class com.appsdeveloperblog.ws.api.albums.AlbumsApplication
Caused by: java.lang.ClassNotFoundException: com.appsdeveloperblog.ws.api.albums.AlbumsApplication
```

This error on the complier- I using JRE 25 and it can not find it for complier



Issue on:



Solution :


Keep only what is the JDK- We need the app to run
